Pre-Award Support

Mission: to realise the participation of researchers in winning proposals.

Competences and Activities:

1. Searching for, monitoring and optimising funding opportunities through different mechanisms, with special emphasis on funding mechanisms with international reach.
This activity includes, namely:
 - Monitoring the R&D strategy of the funding organisations.
 - Identification and lobbying of strategic for a in which it is relevant to energise the IST/IST-ID competences and the participation of researchers.
2. Support to research units and researchers in the use of these mechanisms, namely:
 - Proactive liaison with Units in order to identify strengths, enhance their capacity to intervene in work programmes and participate in identified opportunities/consortia.
 - Technical information on work programmes and their impact for the different mechanisms identified.

- Searching and lobbying for suitable consortia
- Supports in the design of the idea and how it fits into the competition topic and application form.
- Capacity-building (workshop and trainings)

Organisation and Services

Pre-Award Support

R&I Pre-Award Funding Unit (DPFC) – pre-award@ist-id.pt

DP – NPI – Margarida Suarez; margarida.suarez@tecnico.ulisboa.pt

Pre-Award Network:

Networking

- Your personal contacts
- Publications
- EU Projects

The Community Research and Development Information Service (CORDIS) is the European Commission's primary source of results from the projects funded by the EU's framework programmes for research and innovation, from FP1 to Horizon Europe.

CORDIS has a rich and structured public repository with all project information held by the European Commission such as project factsheets, participants, reports, deliverables and links to open-access publications.

[CORDIS | European Commission \(europa.eu\)](https://cordis.europa.eu/)

- European Networks

CrowdHelix is an Open Innovation platform that forges links between an international network of excellent researchers and innovating companies, so that they can plan, deliver, and exploit pioneering collaborative projects and value chains

[CrowdHelix - collaboration intelligence - CrowdHelix](https://crowdhelix.com/)

Partnerships

Each Partnership also has brokerage events and you should look for them in the European association representing the private part of the partnership.

Partnership	European Association	
Made in Europe (MiE) CL4	EFFRA	
Process4Planet (SPIRE) CL4	A.SPIRE	
Clean Steel - Low Carbon Steelmaking - CSP CL4	ESTEP	
Photonics CL4	Photonics21	
AI, Data and Robotics (EU Robotics; DATA) CL4	ADRA	
Innovative Advanced Materials for Europe (IAM4EU) CL4	IAM-I	

Batteries Europe

Action Networking Tools

- HOP ON call

It allows research institutions from Widening countries to join already ongoing R&I actions under Horizon Europe Pillar 2 and EIC Pathfinder.

[HOP ON Call](#)

Hop-on facility

It allows research institutions from Widening countries to join already ongoing R&I actions under Horizon Europe Pillar 2 and EIC Pathfinder.

2023 call for proposals

Horizon Europe 2023 call for proposals	1 topic Hop-on facility	40 million Overall indicative budget
Submit your proposal by 28 September 2023		
Consult the call for proposals on the Funding and tender portal		

- Conferences (organized by European Commission or by the European Networks)

- EU InfoDays

On the research and innovation community platform you can find information about infodays, brokerage events, access exclusive content, widen your network.

[Events | The research and innovation community platform \(europa.eu\)](#)

- Brokerage events

The NCP Portal offers both NCPs and participants access to the vast knowledge, support tools and services that NCP networks develop to support the wide participation in Horizon Europe. You can also find events to promote consortium building.

[Stage | Horizon Europe NCP Portal](#)

- Databases

The Horizon Dashboard is an intuitive and interactive reporting platform, composed of a set of sheets that allows series of views to discover and filter the Horizon 2020 data. The aim is to facilitate data sharing, providing public access to real-time programme data in an easy, flexible and user-friendly manner; search and extract your own statistics and analyses on the research topics, countries, regions, organisations, sectors and even individual projects and beneficiaries.
