

**Research Studentships (for students of a course that does not award an academic degree)**

Applications are open for 1 (one) Research Studentship, within the framework of the research project HANGOUT – Unlocking Adolescents’ Urban Accessibility and Sustainable Mobility Transitioning to Adulthood (reference DUT/0007/2024), hosted by IST-ID, and financed by national funds through FCT/MCTES, under the following conditions

**Scientific Area:** Economic and Social Geography

**Admission Requirements:** Applicants must cumulatively meet the following requirements:

- Hold a Master’s degree and be enrolled in a course that does not award an academic degree, integrated in the educational project of a higher education institution, developed in association or cooperation with one or more R&D units;
- Have good knowledge of spatial analysis methods and/or data analysis applied to urban mobility;
- Demonstrate experience or clear interest in urban accessibility, sustainable mobility, transport, or urban planning;
- Demonstrate the ability to work autonomously and to integrate into international research teams;
- Have good command of English, both written and spoken.

**Workplan:** The studentship will be developed within the scientific framework of the HANGOUT project, focusing research on adolescent urban accessibility and mobility within the 15-minute city context.

The work plan includes:

- Development of a conceptual framework on adolescent-centred urban accessibility;
- Analysis of spatial and behavioural data related to adolescents’ mobility patterns, autonomy, and access to urban opportunities;
- Support in the operationalisation of inclusive accessibility and mobility indicators focused on adolescents;
- Integration of data from participatory processes (Urban Living Labs) involving adolescents into spatial and exploratory analyses;
- Contribution to the development and validation of decision-support tools (HANGOUT Atlas and Policy Toolkit);
- Support to scientific coordination activities, data management, and dissemination of project results.

The work will conclude with the preparation of a technical-scientific report and the production of reusable analytical materials within the scope of the project.

**Legislation and Regulations:** Statute of Scientific Research Fellow, approved by Law nr. 40/2004, of August 18, as worded by Decree-Law nr. 123/2019, of August 28; FCT Regulation for Research Studentships and Fellowships, available on <https://dre.pt/application/file/a/127230968>.

**Workplace:** The work will be carried out at CERIS – Instituto Superior Técnico / IST-ID, under the scientific supervision of Professor Filipe Moura, Principal Investigator of the HANGOUT project.
